Development Corporation ready for official opening

Starting up a business is, for many people, a dream they keep in the back of their head, something to think about on the way home from work. And unfortunately, for lack of money and know-how, that's usually where it remains. In Haliburton County, going into business can be especially tricky. The winter unemployment rate is 20 per cent and higher, the nearest large market is a drive of two and a half hours to the south, and then, of course, there's the problem of skilled labour - there isn't any.

Nobody said it was easy. But there are signs things are getting better. This past summer, many lodges and construction companies are reporting, was the best on record. Unemployment figures for the last six months are below previous averages and property values - one of the main indicators of economic health - are up.

So if there ever was a time to start up a business, it's now. And for the first time in the county, there's an institution designed specifically to cater to the

needs of novice entrepreneurs. It's called the Haliburton County Development Corporation and its offices are in the Village of Haliburton on York Street, adjacent to the Rails' End Gallery.

The purpose of the corporation is to give serious entrepreneurs the boost they need to put their ideas to work. In practical terms, that means making loans - for as much as \$25,000 - and providing clients with information and assistance in getting their business going. Because it's part of a federal government project, the corporation can offer the same interest rates you'd find at a bank, but ask for less security. Even more encouraging, it can give flexible repayment terms. The board of governors - seventeen businessmen from across the county - understand the cyclical tourist-bound economy of the Highlands and when a client says that things are tough in winter, they'll know what he's talking about.

Andy Campbell is manager of the Haliburton County Development

Corporation. "Primarily," says Campbell, "our mandate is to increase employment in the county. Since new businesses create the most jobs, that's what we're interested in, but we'll also look at companies that want to expand as well as certain municipally sponsored projects."

"Even if it's just a guy and his wife who want to start up a motel so they can work for themselves, that's two jobs being created, we feel we can be of assistance there as well."

Besides lack of start-up funds, one of the biggest problems novice entrepreneurs face, is not having the necessary know-how. To some extent, says Campbell, the corporation can be of assistance there as well.

"A lot of people will come to me and say, 'Hey, I've got this great idea for a business and I just have this feeling it'll work.' But a feeling is not enough. Anyone who lends money these days wants to see a business plan; an explanation of exactly how the new business is going to run, the nature and demand for its product and

growth projections.

"Ideally, that's what we want on the table in front of us when someone comes asking for money. A well-written and organized plan is the best argument someone who is going into business can make for himself."

But obviously, explains Campbell, the corporation doesn't expect that of everyone. Besides lending money, its primary purpose is to help new business people by showing them how to put together a business plan.

"If someone comes to me with an idea for a business but doesn't quite understand how to put it into action, I'll help him. I'll assist - free of charge - in putting the plan together, and when it's done, the client is under no obligation to come to the corporation for money. He's free to take it to a bank or anywhere else he chooses."

Besides help in putting business plans together, the development corporation also offers courses, in co-operation with Sir Sandford

The latest in Fall and Winter fashions were on display Friday at PineStone Inn during the Fall Fashion Showcase presented by area merchants. For more photos, see page 10.

Fall back this weekend

Remember that hour of sleep you lost way back in the spring when the clocks were moved ahead to accommodate Daylight Savings Time? Well, you're about to get it back.

This weekend, clocks revert to Standard Time. If you're confused about which way to move the hands of time, simply remember the adage, Spring ahead, Fall back.

Move your clocks back one hour when you retire Saturday evening and gain the extra hour of sleep that you missed so dearly last spring.

The ball, safely tucked under his arm, Redmen football runner Wayne Coates heads downfield during a game Thursday at HHSS. Both the junior and senior teams lost to LCVI. For a complete report on the action, see page 11.

Lutterworth library closes

The Lutterworth Library is now closed.

In a tersely worded resolution passed at their October 16 meeting, Lutterworth Council shut

down the facility and asked the Haliburton County Library Board "that all books and papers be removed at no expense to the township."

The purpose of the move - which was first discussed by council last June - is to provide badly needed office space for the township's bylaw enforcement officer. The library is located in the basement of the township building.

Another factor in council's decision was the declining use of the library. In 1985, an average of less than ten books a day were borrowed.

Council believes the needs

of the community can be met by libraries in the surrounding municipalities of Norland and Anson, Hindon and Minden.

"Certainly we have a membership and they will be disappointed (by the closure)" said Lutterworth Clerk-Treasurer Wayne Hughes, "but under the circumstances, it was a move that had to be made."

Council did not consider the possibility of replacing the library.

Minden Animal Clinic
will be closed from

October 20 to October 26

and

from November 1 to November 9.

Acid rain report

The following report of precipitation at the Ontario Ministry of Environment testing station at Dorset was compiled by Environment Canada in Toronto. There were three precipitation events recorded at the station during the past week:

- on October 14, 28 mm of rain fell with a pH 4.0. The rain was traced from Tennessee, Kentucky, Indiana, Ohio and southern Ontario.

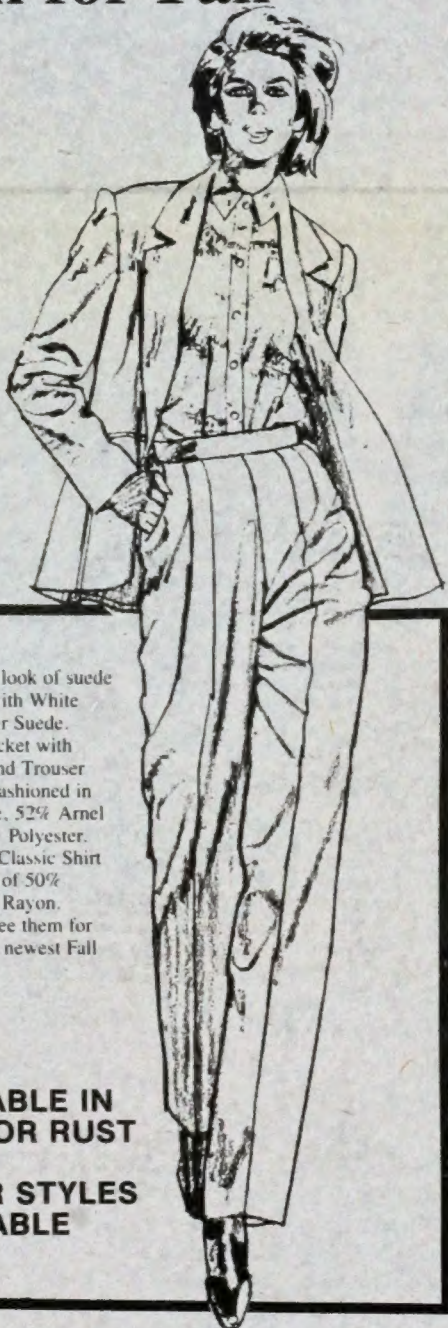

- on October 14, 28 mm of rain and snow fell at the station with a pH of 4.4. The precipitation was tracked

from Wisconsin, Illinois, Indiana, Michigan and southern Ontario.

- on October 16, 2 mm of rain fell with a pH 4.7. It was tracked from northern Wisconsin, northern Michigan and northern Ontario.

Environmental damage is usually observed in sensitive areas regularly receiving precipitation with a pH of less than 4.7. Readings of 4.0 or less are considered dangerous to the environment. The lower the pH reading, the more acidic the precipitation.

Gathering honours Warden for year of service

Politicians, family and friends, county and municipal employees were on hand Saturday evening to pay tribute to the 1986 Haliburton County Warden, Stanhope Reeve Harry Davis. The annual tribute to the area's most senior municipal political figure was held at the Fire Fighter's Hall in Stanhope Township. (The Warden's term ends in mid-December).

After introduction of the members of the Warden's family in attendance, the Stanhope council and municipal department heads, master of ceremonies Bicroft Reeve Bill Howe, paid tribute to the leadership provided by Harry Davis during the year.

Describing the many duties, meetings and responsibilities which are a part of the position, Howe said, "You've done well Mr. Warden, it has been a pleasure to serve under you." Howe described Warden Davis as an adept adjudicator, dedicated, optimistic and a man of convictions. "It is indeed an honour to be selected Warden, especially because the selection is made by your peers," Howe added.

Looking back on his term as Warden, Mr. Davis touched on a few of the high points of the year. "It is a year in which you become very involved in all aspects of the county." He noted that in addition to the seven regularly scheduled county council meetings, he attended 32 special meetings, 48 committee meetings and represented the county at 30 functions. "It's been fun and a real

experience," he told the gathering.

He noted that the groundwork has been started for the creation of a county-wide welfare system, which he said, would bring fairness and professionalism to the administration of the service. He also noted that approval had been granted for a 20 bed addition to the Haliburton Hospital. This addition would serve the county's chronic care bed needs. He informed the gathering that the provincial share of the addition has been boosted from half of the project to two-thirds. "This will reduce the county's financial commitment to \$450,000 from \$750,000, a figure which we'll all find easier to live with." The Warden noted that the addition was greeted with the unanimous support of the council.

Warden Davis also pointed out that the county appointed a new librarian, Joel Levis, and a new administrator for Hyland Crest, Karl Samuelson.

The year also saw the appointment of a new clerk-treasurer for the county, Gary McKnight. Davis noted that his election to the post of Warden came at the same time and the two have "grown together in our responsibilities."

Congratulatory messages were also brought from the federal member of parliament, Bill Scott, MPP John Eakins, Hastings County Warden Glen Franks, Peterborough County Warden George McKie, and Victoria County Warden Don McCumber.

A number of previous Wardens, many of whom are still members of Haliburton County Council or actively involved in the municipal political scene were in attendance. They included, from Dysart Holly Sisson, from Stanhope (when he served as Warden) Sinc Nesbitt, from Dysart Murray Fearrey, from Snowdon Bob Vick, from Stanhope Jim Harrison, from Bicroft Bill Howe,

from Anson, Hindon and Minden Lyle McKnight and from Sherborne et al, Dalton MacDonald.

The roast beef dinner was served by the students of the Haliburton Highlands Hospitality Training

Centre. The evening closed with dancing and a social time.

SNOW REMOVAL TENDERS are invited for Ontario Hydro (Minden) Service Centre 86/87 Season

Tenders will be received for the removal and disposal of snow from the service yard and parking lots on an as-required basis at Ontario Hydro's Minden Area Service Centre located on Hwy. 35, Minden and Minden T.S. on Hwy. 121 at Allsaw.

The contractor is to supply the necessary rubber-tired equipment with operators (Hourly rated)

Roads and parking areas are to be cleared by 7 a.m. of accumulations of three (3) inches or more of snow or slush.

Tenders are to be submitted by 4:00 p.m. on October 24, 1986 on company letterhead. For further information and site inspection please contact:

A local perspective

Too often the well-meaning programs offered by the senior levels of government founder on the rocks of insensitivity or lack of appreciation for the realities of the local situation. One need only listen to the comments of the Auditor General yesterday, as he cast a scathing eye on so-called make-work projects that dumped a seemingly endless supply of money into dead-end efforts, to realize that such programs do, in fact, exist.

The Haliburton County Development Corporation, funded under the Local Employment Assistance Development (LEAD) program, could be classified as one of these, but for one important redeeming factor. The program allows for, indeed demands, that members of the community being served, oversee how and where the money is allocated. This may appear to be a small difference to some, but we believe it can be the deciding factor between the success and failure of the venture being supported.

Who knows better what will prosper in the county than those who live, operate businesses and are active members of the community? These are the very people, representing municipalities throughout the county, who will have a say in assigning of the funds the federal government has made available. Too often, in the past, civil servants in proverbial, far-off, ivory towers, have been the ones to direct the flow of funds. Perhaps well-meaning, they more often than not lack the local perspective, the feel for the verve of the business community, the spirit of daring needed to stimulate growth. Hopefully the local board will bring the insight and direction needed to ensure the success of the program.

By the time its present mandate is complete, the Corporation will have been responsible for the potential injection of over a million dollars into the county's economy. We wish them well in their endeavours.

October shadows

Income tax changes

- by Bill Scott, MP -

On October 10, Tom Hockin, Minister of State (Finance) tabled Bill C-11 in the House of Commons. This Bill is an Act to amend the Income Tax Act to provide early payment of the Child Tax Credit.

The February 1986 budget announced the government's intention to allow the advance payment of the Child Tax Credit in November of each year. Until now, recipients received their benefits after filling their income tax returns each spring. Once Bill C-11 is passed, an amount equal to approximately two-thirds of the full credit for each child will be advanced automatically each November to claimants who had a family income of less than \$15,000 the preceeding year.

Other recipients will receive their credit in the spring as has been the case in the past. The advance

payment will be made to the recipient of the Family Allowance. If the claimant is entitled to a smaller credit than the amount of prepayment, the excess will be recovered when a tax return is filed in the spring.

The Child Tax Credit provides low and middle income families with a tax credit of \$454 per child. In instances where there are no taxes payable the credit is refunded, thus ensuring that

low income families are able to benefit. The amount of the credit is reduced by \$5 for every \$100 of family income over \$23,500.

It is estimated that about one million families will benefit from the quick passage of this bill. Legislation has already been passed that increases the maximum Child Tax Credit by \$70 to \$454 in 1986 and by a further \$35 in each of 1987 and 1988 to \$489 and \$524 respectively.

Key issues await MPP's

- by John Eakins, MPP -

The second session of the thirty third parliament resumed at Queen's Park last week with a heavy legislative agenda facing all members.

The Government opened the session with a pledge to continue to strive to make the minority government

(more on page 9)

outdoors

Their familiar V-flocks are riveting - touchstones, as it were, with the mysterious north. Every fall, they stream by, evoking almost-magical images of a land that few of us will ever visit; expanses of muskeg, interfingered with stunted black spruce, home to the moose. And of tundra - expanses of humanless terrain, dotted with polar bear and arctic fox, caribou and narwhal.

Canada geese are streaming through now, to wintering areas in the southern and central U.S. Although they pass from late September to early November, the bulk comes through in the next week or two.

Each flock generally comprises several "families" of two adults and 4-8 young. The young will remain with their parents until the courting which precedes next spring's return flight.

These are the lesser Canada geese (vastly smaller than the 'waterfront' geese now expanding in southern Ontario). They breed in a vast northern belt which begins near the tree line in Ontario and stretches (from coast to coast) northward through the territories and into the lower Arctic islands.

Cued by shortening daylength, the northernmost breeders actually began their migration in August, while the young were still thin, rapidly growing juveniles. They moved south, all the way to Canada's northern coast, where they joined birds already there in massive feeding areas, and continued "beefing up" in preparation for their long migration.

As the earth continued tilting (relative to the sun) the short days continued their southward march, catching up with the geese and prodding them southward.

The first hard freeze-ups generally "kick" great numbers southward. You can usually expect to see such weather accelerated exoduses from the Hudson and James Bay areas during mid to late October.

Each flock, forming two converging lines, points toward the noonday sun's position. It's led by one of the mature birds and "leaders" often change in flight - presumably, it's tiring breaking trail. In flight, the birds use learned landforms - rivers, valleys, bluffs, and other features as pathways. On clear days, they often fly at great heights. But on overcast days (best for a good look) they'll drop below the cloud cover, sometimes skimming the bottom of the cloud blanket. In fog, heavy cloud and darkness, they drop lower still, frequently resting

(more on page 7)

Corporation provides boost for business

(from page 1)

Fleming College, on running a business. By speaking with Campbell at his Haliburton office, clients can sign up for classes on everything from book-keeping and accounting to payroll deduction.

Once Campbell has seen the client's business plan, and heard his request for a loan, the package - the plan and the loan application - is taken to the corporation investment committee. Once approved at that level, it's taken to the board of directors for the final decision.

"Usually," says Campbell, "the process will take about three weeks. But if the timing is right, the plan can be seen and approved and the loan made in a single week."

Office opening

The official opening of the Haliburton County Development Corporation's Haliburton Village office on October 27 will cap one and a half years of hard work by Campbell and his board of governors. The whole thing began in January 1985 when the Chamber of Commerce hired Campbell to put together an application to take part in a federal government local development project. The project, called Local Employment Assistance Development, or LEAD, was offered by the Ministry of Employment and Immigration to communities across the country where unemployment was high but where there was a potential for development.

At that stage, it wasn't known what kind of business would best encourage economic growth in Haliburton and under the LEAD program a number of different kinds of businesses were eligible for funding. So to help decide on a business and assist in making the application, Campbell recruited a 17 member LEAD committee, who would later serve as the board of governors once the business had been started up - if the scheme was approved by the ministry.

To ensure good county representation, Campbell requested each of the ten townships and municipalities to nominate a

member for the committee and the remaining seven members he chose from

among interested community businessmen. In March 1985, the

ministry provided Campbell and his committee with funds to carry out a study of

The Haliburton County Development Corporation

Andy Campbell is manager of the Haliburton County Development Corporation which officially opens its offices in Haliburton this Monday.

the county and determine what kinds of businesses would best spur on development. Though three proposals were made, only one - the development corporation - was approved by the ministry for the second stage of the planning process.

At the beginning of this year, the Haliburton County LEAD committee was given money to plan their corporation. "And even then," says Campbell, "we had no guarantee our project would receive final approval."

But apparently it worked. The completed plan convinced the ministry there was a desire for economic growth in the county and that with the help of the development corporation that growth could be stimulated. So the ministry approved the corporation for funding under its LEAD program, and last June Campbell and his committee were granted a loan fund of \$220,000. Each year for the next two years they'll receive the same amount and for two more years, they'll get \$350,000 from the Ministry. With a reasonable success rate, says Campbell, the corporation will have an investment fund of over \$1 million at the end of five years.

"According to the results of our studies," he says, "what's needed in the county are service industries. There's plenty of tourist and if we supported them - with more restaurants, retail stores, and accommodation - there would be more."

Those are the sorts of businesses the corporation would like most to fund. Of course, says Campbell, he'd bend over backwards for someone who wanted to set up a viable light manufacturing plant because that's the sort of thing that keeps employment stable year round. "But every county dreams of attracting a factory."

Realistically, Haliburton County can plan for a healthy, year-round tourist trade that will create steady employment, states Campbell. There's a strong tourist business in the Muskokas because that county has both the attractions and the support services that tourists look for. "Haliburton has the attractions and if the corporation is successful in its aims, we'll have a stronger service industry."

Now that the Corporation has been set up the county is soon going to see tangible results. Says Campbell, "We hope to help in the creation of between 35 and 40 jobs in our first year."

Process begins

Since receiving final approval, Campbell has been rushing to put the corporation together. The business has been incorporated, the committee has become the board of governors, and Campbell is now the manager. And working from the newly opened Haliburton Village office, he's already started to look at loan requests.

What the corporation is looking for in loan applicants, he says, is a well-prepared application. The loan committee needs evidence that the plan has been carefully thought out and preferably that the applicant has experience in the business he's going into. "Because if we believe the guy can do it," explains Campbell, "he's going to get the money."

CARPET • DRAPES • SHADES • PAINT • WALLPAPER

from the chamber

by Shawn Hagerman

The 1986 Ski Show, held over the Thanksgiving weekend, was an unqualified success for the Chamber.

Over 15 accommodation facilities participated in the show, distributing their brochures and assisting in manning the booth. Our new winter maps were ready

with over 2000 distributed at the show.

Our manager Shirley Rapson and her husband Ken, manned the booth for the entire weekend. Diane Watt of Rip's Sleepy Hollow transported the truck load of props and material to Toronto and returned at the end of the show to bring it

all back.

The Chamber also received and was grateful for the assistance from the personnel from the Hunter Creek Inn, Mr. Bill Redgrave, from Beech View

Cottages Mr. John Smith, from Locarno Lodge Mr. Gary Baumgartner and Michael Smith, from Wig-a-Mog Inn Mr. John Multon, from the Nordic Trails

Association Sheila Rowell, Tracy Wilson and Brian Trotter. The Hunter Creek Inn also had a compli-

mentary draw for a weekend. It was won by Mr. R. Burns, Prince George Drive in Toronto.

With the exception of the Sportsman Show, this is the second most important show that the Chamber participates in. We couldn't have done it without the participation of the accommodation places and the volunteer effort and work put out by these individuals. The Chamber should be thankful to those who gave up an important time on a holiday weekend to help out.

The annual meeting of the Chamber occurs on October 29 at Wig-A-Mog Inn. There has been a change in plans, in that our speaker will be John Eakins, the Minister of Tourism. This will be an important speech for those of us in business especially in tourism in Haliburton County. Please plan on being there by getting your tickets early, they should go fast. Call either the Chamber Office in Minden or drop by my office in Haliburton.

Nominations for the Highlander of the Year Award can still be made. They must be submitted to the Chamber Office, prior to our board meeting, this Thursday morning. The Highlander of the Year will be announced at the annual meeting on October 29. We hope to see you there.

Did you know?

by Jane Selbie

The concept of Old Age Security historically began under Mackenzie King's government. As a universal program, seniors aged 65 or older who meet the residence requirements can apply for this pension. Forms to apply are available at the Haliburton County Information Centre or any post office. The pension is a basic amount that all eligible seniors receive.

Those receiving this pension may also be entitled

to additional financial assistance called the Guaranteed Income Supplement (GIS). This extra payment is included in the regular pension cheque and is based on an income criteria.

If income exceeds a certain amount, a senior may not qualify or, based on a sliding scale of income, he or she may be entitled to varying amounts.

The concept is that one way or another seniors should be receiving a certain amount of money each year and this GIS is issued to get every senior to that level.

The application for this supplement is mailed automatically when the pension is first approved for payment. However, there seem to be times that people have not been eligible at the time of retirement but later the situation changes. To secure an application for this supplement, the pensioner can call 1-800-387-5280 giving their Old Age Security number and the Health and Welfare Canada office will mail an

application. The supplement must be applied for each year and the amount will be established based on the income of the preceding year.

Most seniors who receive the general GIS and whose income falls below the provincial guaranteed income level will receive further financial assistance from the Ontario government through GAINS. This is calculated automatically based on the amount of GIS the senior is entitled to. There is no need to apply as this is an automatic calculation made by the Ministry of Revenue.

The Information Centre in Haliburton has an excellent book put out by the Ontario Seniors Secretariat describing services and programs available to Ontario residents. Come to pick up your copy at the Drag River building. If you have questions and wish to call our number is 457-2733. We are able to accept collect calls from Dorset or Kinmount residents.

Alcoholism seminar

A seminar on alcoholism and the family will be held next Wednesday in Lindsay. The day long session is sponsored by the Victoria-Haliburton Concerns Committee for Alcohol and Drug Awareness.

Included in the topics up for discussion are how alcoholism can affect all members of the family, not just the alcoholic, how to deal with the problems and recover from the impact of the disease. A number of highly qualified speakers will be in attendance to present opinions and facts from several perspectives.

The cost of the seminar is \$10, which includes the noon luncheon. For more information, contact: Alcohol and Drug Concerns Riverwood Park, R.R. 4, Lindsay, Ontario K9V 4R4

GAINS levels rise

Effective October 1986, the monthly GAINS levels will be \$727.34 for single pensioners and \$605.32 per person for qualified married couples. On an annual basis, these guaranteed levels are \$8,728.08 and \$7,263.84.

If you require detailed information about GAINS rates or eligibility requirements, please contact our Information Centre free of charge at 1-800-263-3960.

Haliburton Hospitality Training Centre requires a part-time Clinical Counsellor

The position involves counselling on an individual basis. The client group to be served is involved in a Skill Training program. This client group is drawn from a rural population and is open to men and women of all ages.

The successful candidate will have a minimum of 5 years experience in the area of counselling and a relevant academic background.

This is a contract position.

Charges laid in cheque fraud

Martha Hopkins, age 31, of Minden Township has been charged with several counts of fraud. Numerous cheques presented in September 1986 to a local business and not honoured at the bank were the cause. Constable Bill Clendenning investigated.

\$3000 damage and the cattle were destroyed. The owner of the cattle, Carl Harrison of Stanhope Township has been charged under the Pounds Act for allowing cattle to run at large. Constable Dave Rogers investigated.

Theft
A charge of theft has been preferred against Patricia Corry, age 26 of Minden. The incident occurred on October 17 at the office of Dr. Holliday-Rhodes of Minden. Corry is to appear in court November 5, 1986.

The investigating officer was Constable Bill Clendenning.

Found property
10 speed bike in Minden Township. A pellet gun at Soyer's Lake and a boat on Horseshoe Lake.

During the week October 13 to 19, officers of Minden Detachment investigated 46 general occurrences consisting of four break, enter and thefts, nine thefts,

two liquor violations, two 12 hour suspensions and one impaired driver. During the same period, officers investigated eleven traffic accidents with four persons injured.

Tuesday night combines

by John Fountain

For the Tuesday Night Combines, the standings are as follows: Water Rats 76 Gophers 74; Meryls 73; Brokes 70; No Names 63 and Square Pegs 51. The high average is still held by Ron

Robinson with a 232 average and followed by Dan Harding with a 207.

For the Wednesday afternoon league, Harry Henderson has a 189 average and Linda Morrison a 204 average, each first in their respective categories. High games this week were bowled by Linda Morrison with a 279 single and a 729 triple.

In the Men's Commercial League the standings are as follows: Harding Metals 82 pts; Modern Electric 78 pts; Carnarvon Lanes 71 pts; Payne Real Estate 62 pts; West Guilford Recreation 44 pts and Ingoldsby with 41 pts. The high average this week goes to John Pentney with a 220 average, followed by Scott Moore with a 219. This week the man to beat was Bruce Cummings who bowled a 293 single and a 767 triple. Special mention goes to Jim Lawr who

successfully spared a split. Congratulations Jim!

On the Thursday Night Vankoughnet League there is a tie between Merv Upton and Darryl Bell who both have 220 average. On the ladies side, Hilda Macfarlane has a 182 average followed by Maraylene Welch with a 173 average.

The Friday afternoon league standings are as follows: No Names 62; Fearless Five 59; Hot Shots 56; Tree Toads 53; Hopefuls 50; and Fireflies with 43 points. The men's high average goes to Dick Cummings with a 193 average and the ladies' goes to Joan Brown with a 186 average. The High Single goes to Mike Ishida with a 291 followed by Joan Brown with a 230. The High Triple goes to Mike Ishida with a 626 triple and he is again followed by Joan Brown with a 611 triple.

Outdoors

(from page 4)

at night along marshy shorelines.

Although their fat reserves are essential to the long migration, they must still feed. In early morning - especially on foggy or drizzly days - you can expect to see whole flocks, feeding in bay marshes or on beary corn and grain stubble.

The geese now passing will winter over a wide area - wherever large, fresh water shallows won't freeze. A few remain in the northern states while others head as far as northern Florida and the Gulf's shore. Many will end up near the Atlantic coastline, from Martha's Vineyard southward, where the ocean's "warmth" tempers the weather, and reduces freezing.

All winter, they'll patiently "sit" feeding and conserving energy by not

breeding and by keeping activity to a minimum. By next February, they'll be ready for their elaborate courting ritual. And for the return flight which will bring them past us again in mid March.

Over the next few weeks, listen for the approaching chorus of hundreds of "guh-looks". Scan the sky. And pause, to 'touch' the far north and south - at the same time.

Prentice-Berry receives two awards

Prentice-Berry Limited has received two of the most prestigious awards given to snowmobile dealers in North America.

The company, operated by Paul Prentice and Steve Berry, has been named the Outstanding Dealer of the Year, by the International Snowmobile Industry Association. This award in particular represents the high level of achievement in Canada and one in the United States receives this honour on a yearly basis.

"The award represents more than just a recognition of our sales effort," Paul pointed out. "Both Steve and I have been involved in the Haliburton County Snowmobile Association and have been active boosters of the sport in the county and throughout the province."

The local Bombardier dealership was chosen out of a possible 600 across Canada. The formal

presentation of the plaque and award took place earlier this year in Calgary.

The second honour received by the company was the Bombardier Dealer of the Year Award for the sales district. The award represents a recognition of the outstanding performance of the dealership and the continued sales and service record to Bombardier and Ski-doo clients. This is the sixth time the Prentice-Berry dealership has received this award.

Co-owner Steve Berry paid tribute to the continuing and loyal support of their customers for the success of their business and the awards they have received. "Without their support, we could not have achieved these honours," Steve commented. "We're both very appreciative of their loyalty and continued backing."

Award winning Skidoo dealership owners Paul Prentice, left and Steve Berry proudly display the plaques received recently in recognition of their outstanding service to the industry.

John Eakins

(from page 4)

work, with the co-operation of the opposition parties.

Several key pieces of legislation command immediate attention. In housing, the Residential Rent Regulations Act (Bill 51) is before the Resources

Development Committee at Queen's Park. As Housing Minister Alvin Curling has said, this bill is significant in that it provides the tenants of Ontario with real and universal protection from unfair rent increases, it provides for the revitalization of rental housing

construction in this province and it creates a system of rent review that is fair and equitable.

Pay equity legislation for the private and the broader public sectors will be introduced in the fall session of the Legislature by the Attorney General and Minister Responsible for Women's Issues, Ian Scott. Legislation for the public sector was introduced

earlier this year, by Labour Minister Bill Wrye.

As well, the coming session will see progress on a comprehensive study of health care in the province, under the direction of Dr. John Evans. With the welcome participation of the Ontario Medical Association, the study will provide recommendations on the future delivery of health care in Ontario.

Premier David Peterson returns to the house fresh from Ontario's highly successful trade mission to Japan, China and Korea. The 16-day, three country mission has been a concrete step in meeting the need to open up markets in the Asian Pacific Rim and to maintain and improve markets here at home.

It is particularly important for the economic future of young people in Ontario that the ground work is laid now so that we can take advantage of these markets in the future. Many of the jobs of tomorrow will be tied to business with nations of the Pacific Rim.

One of the most exciting and challenging opportunities for increased trade is in China. As Premier Peterson said, "We are building important bridges to this part of the world. China is opening its doors

and everyone in the world sees the market advantage of helping them to do it. We have to have our share."

In China this past week, Premier Peterson and the members of the Ontario trade delegation, including treasurer Robert Nixon, met with Chinese officials in an effort to foster better business contacts. The first stop was in Nanjing, the capital of Jiangsu Province in southwestern China.

Together with Madame Gu Xiulian, Governor of Jiangsu Province, Premier Peterson unveiled a \$4 million joint technology centre in Nanjing. The Ontario-Jiansu Science and Technology Centre is a result of the twinning agreement signed last November by Premier Peterson and Governor Gu when she visited Ontario.

The centre, which will be open for business in January, will showcase Ontario technology including micro-electronics, food processing, remote sensing and computer assisted design and manufacturing. The site and the shell of the building were donated by the Chinese. Ontario has agreed to finish the interior and equip the centre at a cost of about \$1.4 million.

In Peking, the second stop in China, Premier Peterson and the Ontario delegation met with Chinese Government officials. Chinese Premier Zhao Ziyang told the Ontario delegation that China offers many industrial and trading opportunities for Ontario businessmen. He said Canadian technology, capital and management techniques are welcome in China.

Fall and Winter fashions

350 enthusiastic county residents were in attendance Friday evening to enjoy the exciting display of fashions for the upcoming season. The show featured outfits selected from Haliburton

Village retail outlets and modelled by members of the community. Proceeds from the fashion show which was organized by Sylvia Holland and Lori Bonfield were donated to the Alzheimer Society.

Bantams win

The Bantam Huskies played their home opener at the Dysart Arena against Woodville last Friday and came away with a 3-1 victory.

Playing a very disciplined style of hockey with nine first year and four second year players, the Huskies took the lead at 13:15 of the first period.

Phillip Johnston fired a hard shot from the point and John Vuksic very alertly deflected the puck into the net to make it 1-0 for Haliburton.

On a fine passing play between Scott Russell and John Vuksic, Jeff Francis was sent in on a clean breakaway. Jeff faked to the right and went to his left, depositing the puck in the net behind the sprawled Woodville goalie. Haliburton 2 - Woodville no score.

Haliburton went ahead 3-0 at 6:12 of the first period on a goal by Brian Waller. John Vuksic and Darren Byers did the manoeuvring to assist on the goal.

Woodville was held scoreless until 6:39 of the third period at which time they scored to make it 3-1. Backed by the fine goaltending of Gavin McKnight and Hans Fluegel, the Huskies maintained the discipline through three periods of hockey to earn the victory.

Next home game is Friday night at 8:30 p.m. at which time they entertain the Bantams from Beaverton.

Redmen lose in two Lindsay games

Though the Haliburton Highlands Secondary School Senior Redmen played an excellent game against LCVI last Thursday, they missed out on scoring opportunities and lost to the Lindsay team 13-1.

The Haliburton defence played an excellent first quarter and managed to keep the game scoreless despite three interceptions by LCVI. Alex Little kicked the field goal, but it was blocked by Lindsay.

The game took a turn for the worse when LCVI took the ball to Haliburton's four yard line. The Redmen stopped the Lindsay offence the first time, but on the second try Lindsay fumbled the ball into the end zone and jumped on it. Haliburton blocked the convert and at half time the score was 6-0 for LCVI.

At the start of the third quarter, Haliburton received the kick and marched the ball back to the 15 yard line with good runs by Andrew Burk and Mike MacNaull. Alex Little then tried to kick a field goal for Haliburton, but it went wide making the score 6-1.

In the fourth quarter the Redmen had Lindsay deep in their end zone with a pass interception by Kevin Barnhardt who ran the ball to the 15 yard line. Haliburton then marched the ball to the five yard line, but with only a second to go for atouchdown, the ball was fumbled and LCVI got possession.

After fast and frantic play, Lindsay ran the ball to the 25 yard line before Haliburton took possession. But with a minute left to go, LCVI intercepted a pass and

scored again.

This week's game is crucial. Haliburton plays I.E. Weldon in Lindsay and LCVI plays Fenelon Falls. If Haliburton wins and LCVI loses, the Redmen go to first place. But if both teams win, there will be no playoffs because Haliburton will have lost twice to LCVI.

Says coach Gary Brohman, "This is the best ball team Haliburton's had since 1979. We've just got to go down there this week and win. And hope that Fenelon Falls beats Lindsay."

Junior game

The Junior Redmen found it difficult to break the dominance of the LCVI team Friday afternoon in Lindsay. The host club took control of the contest from the opening kick-off and maintained that hold to the half time whistle when the score was 26-0.

To the Redmen team's credit, the Lindsay squad was held to only a single point during the second half of the game, but the hosts were strong enough to fend off any Redmen scoring effort although the team did manage a number of substantial gains. Coach John Fitzgerald credited the maturing of the players, fewer "mental errors" and penalties for the effort.

He described the Lindsay team as being well-coached and respectful.

The juniors head into the final game of the season this Friday when they return to Lindsay for a game against I.E. Weldon Secondary school. The Junior Redmen defeated this team earlier in the year by a close 6-2 margin.

Redmen defenders quickly bring a Lindsay ball carrier to the ground Thursday afternoon.

Kickers lose in Fenelon Falls

Last week the Haliburton Highlands Secondary School senior soccer team played away against Fenelon Falls. It was the last game of the season and it ended with a 1-1 tie.

Haliburton was looking for a win and with better conditions - the field was muddy for most of the game - they might have got it.

Rob Thibadeau scored the goal for the Redmen and other stars of the game included Cliff Smith and Gord Wood.

Coach Walter Tose is please with his team's finish: "We started out with a couple of losses, but things got better, and we've ended the season nicely with two losses, three ties and one win."

The team finished in third place, just out of the playoffs.

The junior soccer team also played Fenelon Falls last week, but were trounced 7 to 0.

Haliburton played the best they could throughout the match but found themselves at a disadvantage playing against a larger, older and more experienced team.

Haliburton however, is to be congratulated for keeping in the game and trying hard despite the odds.

Next year, says senior soccer coach Walter Tose, is shaping up to an excellent season for Haliburton. The junior team which showed so much enthusiasm and stamina this year will all be larger and more experienced when they come back from the summer. Haliburton's chances then, he says, will be considerably improved.

County service marks Library Week Oct. 20-26

by Joel Levis
County Librarian

Public libraries have been around for a long time, but like so many other fine contributors to life in our community, they tend to be taken for granted.

To help correct this situation, the ten branches of Haliburton County Public Library are celebrating the week of October 20-26 as Public Library Week.

Over the past few weeks, we have been telling you about some of our more exciting services and for the next few moments, we would like to talk about our film rental collection.

In 1985, the Haliburton County Public Library showed over 1000 films which were viewed by approximately 13,500 children and adults and not just in libraries either. While we still have an ongoing programme at the Dysart Branch (Haliburton) every Friday night at 7:00 p.m. for children, we showed many at other libraries but many more were screened in nursing homes, schools, church basements, camps, birthday parties and other events both special and continuing. We even have screens and projectors which are available to non-profit groups at no cost and minimal charge to others.

Most people don't know that we have direct access to something in the order of 10,000 16 mm films in the OLS-Trent Region in the area which is bounded by Huntsville, Collingwood, Pickering and Tweed. Although only about 500 of them are actually ours, we do make a valuable contribution to the pleasure of others and they in turn, loan their films to us for your use.

Using a sophisticated computer system, a van delivery system and Priority Post, these 10,000 films are made available to anyone that asks. All of the films are listed by author, title and subject with copies conveniently located close to you for your use. Use it and discover the wealth of materials available directly to you and your group.

When you consider that Haliburton County Public Library has just about 500 films on hand - more than many other libraries in the region - and can put our hands on almost 9,500 more for you, then you can see why we can honestly describe ourselves as being "bigger than you think...and all for you!"

We also co-operate with other libraries in the purchase of films which means that we are not all buying the same thing and

Haliburton County Librarian Joel Levis, surrounded by some of the \$6,000 worth of new children's books bought recently. Cathy Sauve helps catalogue the 436 new acquisitions.

special films showings are arranged so that we can all see what we (and everyone else) is getting for their money.

And the provincial government has also made a special Ministry grant in the amount of \$47,000 to enrich the AV resources of the entire Trent area.

So the next time that you need a film - television not what you thought it might be tonight (or any night)? - try us. You can visit us on Mountain Street in Haliburton or via one of our ten branches.

But give us a little warning because although we do have those 500 films and another 9,500 out there, there are almost 100 other libraries with 176 branches in the Trent service area using the same collection!

Try us...and see how big WE are!

Planning grant

A \$40,000 Ontario Home Renewal (OHRP) grant to the Laxton-Digby Longford Township in Victoria County was announced recently by MPP John Eakins (Victoria-Haliburton), in place of Alvin Curling, Housing Minister.

The municipality is among 18 receiving a total of \$991,500 provincial OHRP support in the announcement.

Administered by municipalities, the program assists homeowners to upgrade their homes, with the emphasis on structural problems and sanitary conditions and on plumbing, insulation, heating and electrical systems.

Up to \$7500 in loans are made available to eligible owner-occupants who wish

to bring their homes up to standard. Interest rates range from zero to eight percent, again depending on income.

Physically-disabled homeowners, or homeowners with physically disabled relatives living with them permanently, may get the loans ranging up to \$9,500. This special maximum loan recognizes the extra costs involved in alterations that make homes more accessible inside and outside.

The maximum annual qualifying income, taking into consideration deductions, is \$20,000.

Since 1976-77, the municipality has received \$115,000 in grants which have helped upgrade 33 homes.

Soyers Lake ra

submitted

The Fall meeting of the Soyers Lake Ratepayers Association was held at the PineStone Inn on Sunday, October 12, with 30 members in attendance. Special guests were Don Booth, Fire Chief, Anson, Hindon and Minden, and Bern Berry, Deputy Reeve of the townships.

Don Booth, a member of the Minden Fire Department since 1962, gave some interesting insights into the department's varied activities. The training and responsibilities of the 18

volunteer firefighters cover fire prevention, fire inspections on request, operation and maintenance of equipment and vehicle fire technology, how to handle people, C.P.R. and auto extractions.

The volunteers are always on call and since January they have responded to fire-related calls and a number of auto extractions. The area they service covers 400 square miles. The department's budget for 1986, amounting to \$48,000, is paid 100% by ratepayers.

ratepayers hear chief, deputy reeve

The Fire Chief thanked the Association for providing him with a copy of its map and directory of residences on Soyers Lake. At the same time, he stressed the importance of the Fire Department of having information on access routes and any identifying signs, as well as the need for clearance for the fire truck of ten feet width and twelve feet height.

Bern Berry, Deputy Reeve, listed the major actions taken by Council since its election in November 1985 and

identified some new faces in the council offices.

A new road superintendent has been appointed and equipment purchased to allow the municipality to plough the roads using its own resources.

Council business in hand includes negotiations with the provincial government regarding the sewer plant, and completion of the Zoning Bylaw for submission to the Ontario Municipal Board.

Mr. Berry responded to questions about the procedure for land

severance and zoning changes and about a replacement for Dick Schell who recently gave up the post of Building Inspector, Bylaw Enforcement Officer and a host of other duties to move to Haliburton. Association members expressed appreciation for the courtesy and co-operation they had received from Dick Schell.

Routine business dealt with at the ratepayers' meeting included the election of directors and reports on the Neighbour-

hood Watch program, the annual corn roast held in August and the lake water testing program which produced satisfactory results. Three members reported on joint action they had taken to close their lakeshore road allowances and the benefits of such action were discussed.

The Association voted to send flowers and good wishes to Mrs. Rizpah Elstone, a lifelong resident of the Haliburton area, in honour of her 100th birthday.

Signs of autumn overhead

It's fall! Flocks of geese have been flying south for a couple of weeks. Livestock are starting to walk pasture fences looking for greener fields, or just following some instinct from the past that makes them restless in the fall. Plans are being made to remove cattle from pasture. Along with this, plans are now being finalized for

varying marketing opportunities for beef farmers to sell their calves and yearlings.

The cattle on the Victoria County Community Pasture are being removed late in October. The steers on the "early roundup ranch" will be removed on Monday, October 20 and many of them will be heading to local stocker sales that week. The

balance of the animals will be removed between October 27 and November 1. Letters to the 110 farmers with cattle on the pasture advising them of the schedule for their specific animals are in the mail.

The seven fall stocker sales being held this year in Victoria County are set and consignments are being accepted now for each sale.

The Woodville Livestock Auction Sale Arena will be holding stocker sales on Tuesdays, October 21, October 28 and November 4. Each of these sales starts at 11:00 a.m. Farmers wishing to consign should call Norm McIntyre at 439-2101.

The Lindsay Community Sale Barn is holding a Stocker Sale on Wednesday, October 22 starting at 10 a.m. Call Carl Hickson at 324-2774 to consign to this sale.

The Peterborough-Victoria Cattlemen's Associations are sponsoring three sales again this fall, all of which will be held at the Lindsay Community Sale Barn on Wednesday and all this year will start at 10:00 a.m. The first sale on October 29 is for yearlings and two year olds only. The sale on November 5 will include calves only and will feature the pre-conditioned calf sale. The third sale on November 12 will include both calves and yearlings. Farmers wishing to consign to any of these sales should contact a member of the Sales Committee - Victoria County members are Doug Graham at 799-5856 and Bob Robertson at 439-2187 or call the chairman Wayne Telford at 292-9531.

Minden W.I.

The October 15 meeting of Minden Women's Institute was at the Library Cultural Centre with the president Mrs. C. Lacey welcoming us all. 19 members were present and answered the Roll Call of "How you ready your newspaper". Three guests arrived later. The usual opening and reports were read.

Mrs. W. Moore, card convener, reported sending 19 cards since the last meeting. Then collection of Pennies for Friendship and Card Fund were taken. The resolutions were read and voted upon for our delegate to the Area Convention, Mrs. C. Wilson.

Names were noted of those going to Victoria East W.I. District Tea and Craft Day on October 22. Final

plans were made for the birthday tea at Hyland Crest on October 30 with members offering lunch and helpers are Mrs. C. Brown, Mrs. L. Cox, Mrs. C. Lacey and Mrs. M. Robertson.

Readings were given by Mrs. M. Sears and Mrs. A. Coulter. After the adjournment, two movies were shown by the president, "Ontario - A Place to Stand" and "Haliburton Highlands". These movies were shown courtesy of the Convenor of Citizenship and World Affairs, Mrs. Loyne Cox.

Then all enjoyed a social half hour and a cup of tea.

The next meeting will take place at the same location on November 19 at 2 p.m. with all ladies welcome.

Jeanne Sears, P.R.O.

Trapper on T.V.

Haliburton county trapper Len Holmes and the man who wrote about his experiences, Richard Pope, will be guests on the CKVR program "You're Getting Better" this Thursday afternoon.

Hosted by Elizabeth Irwin, the author and Len will discuss some of the

experiences in the book and relate how the popular exposition came to be written. Excerpts of the book appeared this past summer in the Times companion publication This Week In The Highlands.

The program is scheduled to be aired Thursday afternoon at 2 p.m.

CORPORATION OF THE TOWNSHIPS OF ANSON, HINDON & MINDEN

NOTICE (86-6)

IN THE MATTER OF the Municipal Act; and
IN THE MATTER OF a proposed By-law of the Corporation of the Townships of Anson, Hindon and Minden to stop up, close and convey to the adjoining landowners portions of the original allowance for road along the shore of Canning Lake lying in front of Lot 17, Concession 1, in the Township of Minden.

NOTICE IS HEREBY GIVEN pursuant to Section 301 (1) (a) of the Municipal Act, R.S.O. 1980, as amended, that the Council of the Corporation of the Townships of Anson, Hindon and Minden proposes to consider and, if deemed advisable, to pass at its regular meeting to be held in the Municipal Council Chambers on Milne Street, Minden, Ontario, on Tuesday, November 11th, 1986, at the hour of 10:00 a.m., a By-law to stop up, close and convey those parcels of land more particularly described as follows: -

Parts of the original allowance for road along the shore of Canning Lake in front of Lot 17, Concession 1, in the Township of Minden, in the County of Haliburton, designated as Parts 2, 3, 4 and 5 on a plan of survey by Bishop & Wilson Ltd., O.L.S., dated June 6, 1986.

AND TAKE FURTHER NOTICE that before passing the said By-law at the meeting to be held at the time and place above-mentioned, the Council shall then and there hear in person or by his or her counsel, solicitor or agent, any person who claims that his or her land will be prejudicially affected by the said By-law and who applies to be heard.

DATED at the Township of Minden this 6th day of October, 1986.

ASTAR® is capturing the attention of children!

The War Amputations of Canada's friendly robot from planet DANGER appears on television with a warning for youngsters: "Yours is a dangerous world, so PLAYSAFE."

Josee, a member of the Child Amputee (CHAMP) Program, is one good reason why The War Amps must reach the very young with the PLAYSAFE message. A month before Josee's fourth birthday, the blades of a lawn mower severed her left leg.

ASTAR appeals to children who are too young to know the consequences of playing in dangerous places. Josee joins ASTAR as a "safety ambassador" to warn all children to PLAYSAFE.

The War Amputations of Canada, 2827 Riverside Drive, Ottawa, Ontario K1V 0C4
The War Amputations of Canada is a registered charitable organization operated by amputees for amputees on a non-profit basis. The War Amps does not receive government funds. senior league

by Pearl Lyle

by Pearl Lyle

Dear Readers:
Sorry about last week, I just couldn't make it. We had the usual service in the chapel Sunday evening which we always enjoy with

Rev. J. Burgess, assisted by Mr. Thompson. On Tuesday morning the preacher didn't arrive, so Doris took over. She and Linda seem to be able to fill any emergency.

I am sorry to report Edna Cowan is back in Peterborough Hospital. We are praying and hoping she will soon be well. The week of October 9, the Boshkung Ladies of St. Stephen's Church brought our tea party lunch. It was enjoyed very much. This week it was the Minden L.O.B.A. Ladies and it was also enjoyed very much.

Dora Dawson our new

resident, has been enjoying a great deal of company, some by name are Mr. Truman Wright and his sister Mrs. June Johnston, Mr. and Mrs. Bob Dawson of Scarborough and Mr. and Mrs. Jerry Dawson of Haliburton.

The latest movies were "The Dawn Horse", Flipper the Seal and "Distant Isles."

Before Edna went to hospital, she had her cousins Ruby Gilbert, Shirley Gilbert, Bernice Veatch and Jimmy Butterfield to call on her.

We had a very enjoyable afternoon playing cards and crokinole on Wednesday. Mrs. Todd had her son and his wife from Richmond Hill to see her. On Sunday she had Barbara and her three children and friend and her granddaughter and her two children. We were all glad to have Mr. Payne and his pals back after a long absence.

Our turkey draw was successful. Winners were Michael O'Mara, Phyllis Kernohan and Sidney Gregory.

Angus Coulter just told us the news, his grandson Royce Miller got married while visiting the Garnet Coulters at Campbell River, B.C. Our best wishes to them.

Don Brohm and family were in on Saturday to visit with his father Charlie Brohm.

"To make life worthwhile, whatever happens, Smile".

Christmas sale coming

by Shirley Hodgson

To begin with, I would like to correct an error from last week's news - I mentioned that in the exhibition which will be at the Gallery from October 18 until November 13 - "Woven Tapestries" - would be done by some of our local artists, whereas in fact, "The Figure" - will be done by various members of the Life Drawing group. This will feature local artists such as Liz Turner, Charles O'Neil, Mary Hastings, Peter and Joan Hoad and Gwen Kushner. There will be a "Meet the Artists Night" - on October 29 at 8 p.m. at the Gallery. Refreshments will be served.

Please keep in mind and get busy working for the Christmas sale beginning November 22. The entry date for the sale is Tuesday November 18. Shoppers will be looking for:

Small, reasonably priced gifts for everyone.

Children's gifts - there usually are plenty for little girls but try to think of something for the little boys.

Fashion accessories are always popular.

Think of gifts for the teenagers - such as gym bags, binder covers etc.

Christmas tree ornaments

- they need plenty as they always run out the second week of the sale.

Small paintings - everybody loves to buy an original.

Stocking stuffers - items under \$5.00.

Use your talents and come up with exciting, new things for the sale.

There is still time to order Vogue or Butterick patterns for the spring - May 1987 - Fashion Show. Pattern books may be borrowed from the Gallery. There will be an extended time for ordering these free patterns. You have until the end of November but do get your orders in soon.

Dance, please get your

ticketsearly for the special Guild Dance being held Saturday, November 29 at the Legion. Haliburton's very own "Ugly Rumor" will be providing the music. Tickets are available at the Rails' End Gallery and the Agnes Jamieson Gallery. The price is \$6.00 per person. There will be door prizes etc.

Another reminder for the General Meeting to be held this Thursday October 23 at 8 p.m. at the Rails' End Gallery. Everyone is most welcome. "The Journey Through Brazil" a slide presentation by Cynthia Torgato, the Rotary Exchange student, will be featured at the meeting.

around the county town

by Jeanne Sears Call 286-1538

Yvonne Guida had a wonderful trip last week to Toronto - Saturday to see the opera Macbeth. It was glorious, but she feels it really should have been titled Lady Macbeth for she is the principle character. Lady Macbeth, played by Sylvia Sass was fantastic. Allan Monk, marvellous in the title role of Macbeth and Don Gerrard was equally good as Banquo. Macduff, played by Walter MacNeil, son of the famed baritone, Cornell MacNeil, did himself and his father proud. After the performance, as always, Yvonne went backstage and not only did she have a lovely dialogue with the diva, but received a beautiful autographed picture. She also talked with Allan Monk who surprisingly remembered her (Traviata), Don Gerrard, and in the course of the conversation met a very charming man and his wife who has a radio program Alzo, early in the morning. He presented her with his card and when she mentioned Enrico Rosati, teacher of Gigli, Lanza, Guida, Melton, Kaskas and numerous others, his ears pricked up and she will be in touch with him. It was a wonderful evening for her. Opera stars are human after all as she well knows. Shakespeare had a name for it, "All the world's a stage and all the men and women merely players and one man in his time, plays many parts." How true!

Sunday, Yvonne and a friend had brunch at the CN tower which she had never visited and found it incredible. "On a clear day you can see forever." Unfortunately it was cloudy so she could not see Rochester. The tower restaurant revolves and it is so wonderful to look down and see the activity so far below. She was sorry she had not gone before. It was the first time for her friend Beverley Nelson too, and they vowed to go again. Toronto can be very proud of its accomplishments. It's a wonderful city and the people very accommodating and warm.

Alice Morrison is home after two weeks visiting Craig and Lyn Morrison and Jordan of Toronto and Myles and Glenda and boys of Brantford. Alice and all visited the Alexander Graham Bell homestead on Thanksgiving Monday and enjoyed that very much.

New apprentice at Coneybear's Butcher shop is Terri Anderson, who is learning and earning at the same time.

Paul and Missy Northey from Kansas City visited with his parents Les and Audrey Northey of Minden over Thanksgiving.

Club 35 winners this Monday evening included most lone hands Lou Penick, high lady Edith Russell and high man Ken Wallace. The 50-50 draw went to Betty Campbell and the other winners were Len Trodd, Shirley Bunker and Mary Schad.

Guests with the Beers Family in Minden are Susan's sister Anne McCreadie and an old friend, Eleanor Hopkins from Blantyre, Scotland. The ladies are very happy that the nice weather seems to have followed them from Scotland, so long may it last!

Recent guests with Mr. and Mrs. Clare Brown were Robert, Megan and Alyson Brown, Marilyn, Rick, Dustin and Shafer Morrison.

Mrs. Minnie Low of Toronto has been visiting with her sister Johann Beattie.

Minden Seniors Shuffleboard Club is pleased to announce the winner of the afghan donated by Eleanor Pye was Mrs. E. St. John of Scarborough and Minden.

At the weekly euchre games at the Anglican Church Hall last Thursday, the winners were - lone hands Flora Craig and Johann Beattie, Flo Schlosser, Joyce Hewitt (man's) and Norah Briggs (man's).

Shirley Warder entertained the Pony Club Saturday with pony rides, hayrides and a picnic.

Sorry to report that Alan (Cub) Coneybear has another injury and broken his hand.

We met the private day-care group of mothers and youngsters on their way for a visit to the firemen and to see their trucks.

We heard that the men's (fun) hockey games are going Monday nights at 7 o'clock. Perhaps you are in the mood to watch the local boys play.

There were several weddings last Saturday with congratulations going to Mr. and Mrs. Brian Heppleston (nee, Eleanor Madill) and to Mr. and Mrs. Earl Bull (nee Deborah Magee).

Garwood Stevenson had his operation last week

at St. Michael's hospital Toronto and will be home later this week.

Len Hamilton too is home again, but not feeling too well at present.

Miss Laura Bird of Toronto is having a holiday with Mr. and Mrs. Earl Bird and her sisters.

The community sends good birthday wishes to Emma Blair on October 28 and Percy Brintnell on October 29 at Hyland Crest Home and also belated good wishes to Charlotte O'Neill on October 17.

Joe and Flo Dollo and Peter and Chris Dollo attended the funeral of their niece Deanna Prezio of Collingwood recently.

Mr. and Mrs. Phil Robinson had a good visit with her sisters Doris Negus and Ellen Clayton of Lindsay and Violet Bowen of Little Britain when they stayed at a nearby motel.

Isabel Robertson is enjoying a visit from her cousins Mr. and Mrs. Murray Stoutenburg of Kansas City, Missouri.

Grace and Ern Voycey of Beaverton had a brief visit with Mrs. Ern Hewitt on Saturday.

Anyone from Haliburton County Hylites Gymnastic and Baton Club who still has a red gym suit is asked to turn it in as soon as possible.

Members of the A.C.W. are busy stitching on a large quilt which is to be raffled at the Christmas Bazaar Friday, November 21 and members have tickets for sale.

Hyland Crest Christmas Tea and Bazaar takes place Thursday, November 13 from 2-4 p.m. There will be a bake sale and jumble sale and tea costs \$2 per person.

We note there is a Hallowe'en Dance at Gooderham Centre on October 25 and also one at the arena in Minden. Thrift shop beside The Times is open Friday and Saturday from 1:30 to 4 p.m. Special Rotary Bingo will be at Minden Community Centre on October 28, with prizes for best costumes.

The Paul Warburtons visited family and friends last weekend.

We wondered if you notice what a good job the street cleaners have done this year. Now if we could only get people to put those cans in the garbage containers....

Moose season has opened in our area and many are away, what grand weather - hope they enjoy a pleasant weekend. Keep smiling.

kid's korner

by Jean Lacey

Hi Kids!!

Here is another puzzle for you with a word list. Look in the diagram of letters for the words given in the list. Find them by reading up, down, forward, backward and diagonally. They are all in a straight line and do not skip letters. Circle the words in the diagram and cross it off in the list.

It's as easy as that. Have fun!

Q: Long legs, croaking cries, a bald head, and bulging eyes.

A: A frog.

Q: Have you heard the yarn that's going around, about the two darn, big holes in the ground?

A: Well, well.

Q: What is bread?

A: Raw toast.

Q: Did you ever see the Catskill mountains?

A: No but I've seen them kill mice.

Q: What has many keys that fit no locks?

A: A piano.

Q: What hasn't got a mouth yet smokes a pipe?

A: A stove.

Q: Where does Friday come before Thursday?

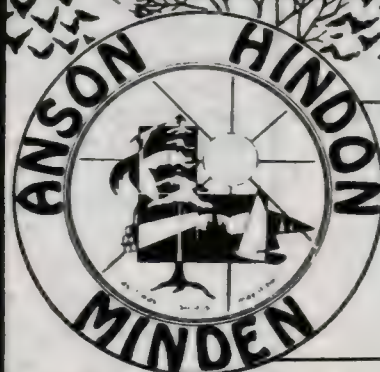

A: In the dictionary.

Branch 129

by Gerald Irish

Last Thursday evening, thanks to an invitation from Doug and June Devolin, Joan and I had the pleasure of hearing Rotary District Governor, Arne Schmidt, speak of Rotary - locally, dominion-wide and internationally. This meeting was held at the Legion and the Ladies Auxiliary once again served a delicious meal. I am constantly amazed at the consistent high quality of food preparation and service that the L.A. of Branch 129 provides. Congratulations ladies.

Bluegrass promotor, Terry De Boer, has been working at next year's line-up of stairs. The tentative list contains repeat visits from Macdonald Bluegrass, Whitewater Bluegrass and Blue Mule. Added to the programme could be The Dixie Flyers and The Taylor Family.

Headlining Bluegrass '87 (hopefully) will be the King of Bluegrass, Mac Wiseman. Other groups and attractions are being approached re performances. Watch for further information as bookings are confirmed.

Branch 129 Ladies Auxiliary hosted the L.A. Zone Cribbage championships on Saturday. 26 teams with 4 members each, were entered, representing nearly all branches in this zone. The tournament was well organized and went off smoothly. Once again, a

team from Haliburton emerged as Zone Champions. Branch 129 L.A. Sports Officer, Irene Higgins and her team members were the winners. Congratulations ladies.

Also, on Saturday, your branch and the Civitan Club of Newmarket sponsored a Child Identification Programme. Each child was photographed and finger or foot printed. At the end of the day, 154 children had been processed through this service. It's a sad commentary on our society that this type of programme has to be offered, but it is a reality that the possibility of abduction is there. This record of each child is the sole property of the parents and if kept up to date, would provide accurate information to the police.

The nine members of the Civitan Club were very kind, gentle and friendly with all the children who were serviced. They are a fine group of people, providing valuable services. Incidentally, the word Civitan is derived from the Latin word Civitas and means citizen.

This coming weekend promises to be a very busy one. This Friday evening is the Associates' Dinner. The branch expresses its thanks to the Associate Members each year by putting on this special meal for them. If you are an Associate Member and can attend on Friday evening, please sign the sheet in the club room

and let us know if your spouse or a friend will be accompanying you. The guest speaker on this occasion will be Honorary Member, Reeve Murray Fearrey.

This Saturday night is the Ladies Auxiliary Zone Fun Night. This promises to be a lot of fun with dancing, skits and many more surprises. We hope to see you there.

On Sunday, Legion members of Branch 129 have been invited to take part in the services of Remembrance at the

Brechin Branch. A bus has been hired. If you are attending these services, please sign up in the club room.

In the next few months, our L.A. will be hosting the Zone euchre championships, the Zone darts championships and the District cribbage championships. Our L.A. earned the privilege of hosting these events by winning the previous tournaments. This proves that our ladies do more than just cater to banquets. Congratulations and good luck to our ladies.

Each day a new adventure UCW theme

The United Church Women (UCW) Fall Rally for region 6 has this positive theme, Each Day A New Adventure, for their day together on Wednesday, October 15.

Zion United Church in Carnarvon was looking festive, decorated with the fruits of the harvest, then the Rev. J. Spenceley welcomed 62 women from the United Churches of Gooderham, Haliburton, Ingoldsby, Lochlin, Maple Lake, Minden, Tory Hill-Wilberforce and Carnarvon. Mrs. Orlee Wells and other members of the executive from Lindsay Presbyterian brought with them a wealth of information.

It was a day of friendship and a sharing of talents. A beautifully sung solo by Mrs. Joan Rivard was accompanied on the organ by Mrs. Jean Cox.

In memoriam, we remember and give thanks

for the lives of Beatrice Gilbank, Ellen Knight, Florence Bark, Ina Brintnell, Lenora Parish, Olive Taylor, Flora Walling,

Laini Rennie, May English and Norene Findlay, whose work on earth is completed.

We prayed, we sang, we laughed, we learned and we ate a delightful luncheon served by the women of Carnarvon.

Mrs. Leo Dobzensky was our guest speaker. Using the theme, 'Each Day a New Adventure' Mrs. Dobzensky stressed that we must defend our values. We should break the cycle of work and worry and allow the child in us some liberty and to joyfully participate in life and be untroubled in death.

Each church took part in the adventures of the day under the guidance of chairperson Evelyn Coleman.

CARD OF THANKS

The family of the late Bill
Howe would like to thank
everyone for their kindness
during our time of sorrow. A
special thank you to Ev and
Lloyd Coleman, Rev.
Spenceley, Gord Monk and
all the nurses at the
Haliburton Hospital.
**Barb, Ross, Wendy, Susan
and John,
Jim, Shirl, Cathy & Jeff.**

A special thanks to my
family, friends and relatives
for their prayers, visits,
cards, phone calls, flowers
and baking during my recent
stay in Peterborough Civic
Hospital and since returning
home. Your kindness will
long be remembered and
will help speed my recovery.
Special thanks to Grade 2A
for my beautiful Get Well
cards!

Sue Sisson.

The Anglican Church
Women of St. Peter's
Church, Maple Lake wish to
express their thanks and
appreciation to everyone
who helped in any way at the
Thanksgiving Turkey
Dinner.

Thank you so much.
